I have no problems with comments 2 and 3 - logical and appropriate, but will require a bit more \$\$ from OPOG. I have a major problem with comment #1 - THIS WELL WAS THEIR IDEA, AND REQUESTING ADDITIONAL DATA AND CROSS-SECTIONS IS LUDICROUS. They already have all of the information they need from prior submittals. I suggest that you discuss this with Chris.

Someone once told me that sending an e-mail in all caps is akin to shouting. In this case, it's true.
